

# CUTTING EDGE STEM ACADEMY

(For students entering grades 3, 4 & 5 Only)

SCIENCE | TECHNOLOGY | ENGINEERING | MATHEMATICS

Is your student interested in **STEM** (Science, Technology, Engineering and Math) activities?

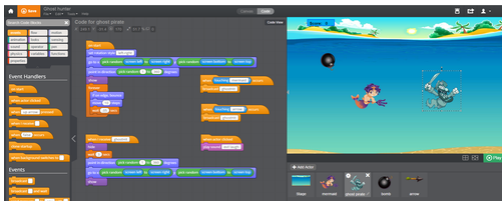

This summer, students will have the opportunity to participate in a **STEM-focused** classroom that will include offer project and problem-based learning opportunities. These classrooms will be multi-age to include students who will be in grades 3, 4 and 5 next school year.

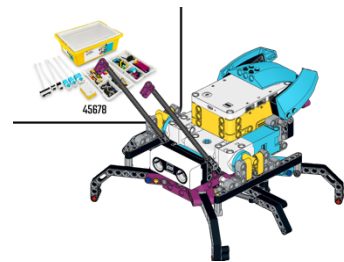

Activities include but are not limited to the following:

**Coding**

**Robotics**

Classes will be filled at each building in the order that applications are received.
