# CANVAS STEP SHEET

HOW TO SET UP PARENT APP

1. Download Canvas Parent App from either the Google Play or Apple App Store.

2. Open App and click "Find My School"

3. Type in "Waynesville" and select "Waynesville R-VI – Parent"

4. Click "Create Account"

5. Enter your Demographic Information
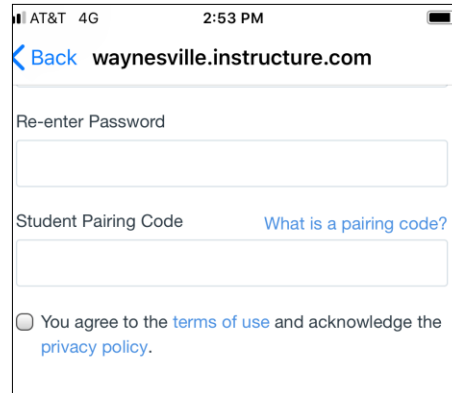

***Student Pairing Code

You will need to get the "Student Pairing Code" from your student(s.) Your student will need to login to their Canvas account and follow these steps:

1. Login
2. Click on "Account" then "Settings"
3. On the right side of window, click on "Pair with Observer"
4. A window will open with the "Student Pairing Code" you will need to finish setting up the app.
5. Once in the app, in your settings, click on the "Hamburger" icon to find the "Manage Children" button that will allow you to add other children to your account.
