

# Screenings for Students

The following grade levels are administered vision and hearing screenings annually by your child's school nurse.

K, 1, 3, 5, 6, 8

High school students are screened as needed. If you have concerns regarding your child's vision or hearing and would like for the school nurse to do a screening, please contact the school nurse.

In addition to the annual screenings, any students new to the district, those with a new IEP or IEP renewal, or any student that appears to be experiencing a problem will be screened in vision and hearing.

Your school nurse will notify you if your child's screening results are of concern. Please feel free to contact your school nurse on the specific dates for your child's screenings, or if you feel at any time your child needs a screening.
